Getting Engaged in Active Research Strategies at WC.

Evaluation Standards

The student will use the following information as a guide and have the instructor place grades in the appropriate space.

- I. Attendance
- II. Cosmetology Theory Examinations Average
- III. Oral Presentations
 - Iron Curling
 1. ___ curl demonstration

2. ___manipulation of curling iron
 3. ___safety precautions
 - Chemical Hair Relaxing
 1. ___sodium hydroxide (virgin application)
 2. ___thio (virgin application)
 3. ___chemical relaxer retouch
 - Hair Color
 1. ___virgin tint to darken
 2. ___virgin tine to lighten
 3. ___bleach retouch
 - Permanent Waving
 1. ___types of end wraps
 2. ___blockings
 3. ___application of solution
- ___Total average oral presentations

Instructional Methods

This course will be taught by individual instruction using the criteria from the Texas Department of Licensing for oral lesson plans. Lecture, audio-visual aids, and demonstration will also be used to assist the student.

Instructional Materials

Cosmetology Hairstyling Teacher-Training Manual, by Jacob Yahm, 1988 ed., Milady Publishing Company. Texas Cosmetology Rules and Regulations. Standard Textbook of Cosmetology, 2012 ed., Milady Publishing Company.

Disabilities

ADA Statement:

Any student with a documented disability (e.g. learning, psychiatric, vision, hearing, etc.) may contact the Office on the Weatherford College Weatherford Campus to request reasonable accommodations. *Phone:* 817-598-6350
Office Location: Office Number 118 in the Student Services Building, upper floor. *Physical Address:* Weatherford College 225 College Park Drive Weatherford, TX.

Academic Integrity

Academic Integrity is fundamental to the educational mission of Weatherford College, and the College expects its students to maintain high standards of personal and scholarly conduct. Academic dishonesty of any kind will not be tolerated. Academic dishonesty includes, but is not limited to, cheating on an examination or other academic work, plagiarism, collusion, and the abuse of resource materials including unauthorized use of Generative AI. Departments may adopt discipline specific guidelines on Generative AI usage approved by the instructional dean. Any student who is demonstrated to have engaged in any of these activities will be subject to immediate disciplinary action in accordance with institutional procedures.

Program Learning Outcomes

Students will demonstrate understanding and application of various methods of teaching, evaluating, philosophy, and professional development in the field of Cosmetology.

- Students will have an understanding of how to develop lesson plan; students will have a basic understanding of the various methods of assessments used in teaching.
- Students will have knowledge of how to prepare for and conduct a class.
- Students will have knowledge of the different learner types and how to develop a lesson plan accordingly.
- Students will have knowledge of professional performance including effective communication skills and teamwork.

SCANS

The Secretary's Commission on Achieving Necessary Skills (SCANS) identified competencies in the area of Resources, Interpersonal, Information, Systems, and Technology; and foundation skills in the areas of Basic Skills and Personal Qualities. A SCANS matrix which includes this course is available for your review.
